## MAY HAVE RIOTED IN EXPECTATION OF AID FROM OUTSIDE

Suspicious That Portsmouth Jail Outbreak Abortive Through Failure of Help to Materialize Investigated by Supt. Ormond—Communists Suspected—Leaders Make Statements

KINGSTON, Oct. 24 (CP).—Did the revolting Portsmouth prisoners expect to find arms in the penitentiary stone pile to fight their way to freedom? Was outside assistance expected from a man who two months ago was known to be in the State of New York?

These are some of the questions which Brigadier-General D. M. Ormond, superintendent of penitentiaries, is investigating in his searching inquiry into the two recent riots. And in running down these suspicions the Royal Canadian Mounted Police are understood to be playing a part. Admission of the suspicions that outside assistance was expected was made by prison officials this evening.

**THOROUGH INVESTIGATION**  
The reported expectation by the prisoners of outside assistance is being thoroughly investigated in an effort to learn all the facts. It was not the fault of the madmen inmates that the disturbances did not win their freedom. Their attempts were properly timed, it is said. But the expected outside assistance failed to materialize.

The part the eight Toronto Communists played in the two revolts has yet to be told. That they were in sympathy with the serious disturbances is fully believed by authorities. But whether they were the instigators has yet to be learned from the rigid inquiry under way.

**COMMUNIST STATEMENTS**  
"Tim" Buck and Tom Egan, leading Communists, have made statements to General Ormond, prison officials admit. Secrecy surrounded these statements, although they are said not to contain anything sensational. Both appeared before the superintendent entirely of their own volition.

## AGRICULTURE UNDER REVIEW

Naming of Provincial Advisory Committee Is Expected Today

Formation of a Provincial advisory committee on agriculture will be effected today or tomorrow by Hon. William Atkinson, after he receives the recommendations of Dominion Provincial and university agricultural officials, to convene here this morning for a two-day sitting.

The convention is the result of the recent Dominion agricultural conference at Toronto, and will follow up policies initiated there, in their application to Provincial affairs. Co-ordination of all agricultural services in the province will also be discussed.

The delegates will meet at 10 a.m. at the Conservative members' room, in the Legislative Building, when Mr. Atkinson will call the gathering to order. Premier Tolmie will welcome the visiting representatives in person. Morning and afternoon business sessions will follow, with a closing session on Wednesday morning.

## LENGTHY AGENDA

Pasture and fodder crops, cereal and seed production; fruit and vegetable services; fruit inspection and quarantine; co-ordination of livestock services, including beef, sheep and swine problems; dairy herd improvement; poultry flock improvement, and veterinary inspection and services, are subjects on the agenda for discussion.

Dominion representatives at the meeting will include L. H. Newman, H. R. McLarty, William Newton, R. G. Newton, R. C. Palmer, W. H. Hicks, E. M. Straight, Arthur Morton, Dr. C. Macdonald, Dr. E. H. Bruce, R. G. L. Clark, E. R. Buckell and G. M. Stewart, representing Dominion experimental farms and all branches of the Dominion Department of Agriculture in the field.

**MANY DELEGATES**  
The university delegation will include Dr. L. S. Killick, Dean F. M. Clement, Professor W. Sadler, Professor H. M. King, Dr. A. F. Barse, Dr. G. G. Moe and Professor E. A. Lloyd.

## Mainland Robbers Given Two Years

VANCOUVER, Oct. 24.—George Smith and Charles Pecor, convicted in police court of breaking into premises of Duck Yuen Co., tailors, Granville Street, on October 17, were sentenced by Magistrate W. M. McKay to two years in the penitentiary.

Police found that a hole had been bored in the back of the door of the shop. A stock of suitings had been removed and hidden in a small shed at the rear of the shop. Officers kept the shed under observation and arrested Smith and Pecor after seeing the men load the loot into their car.

## Ends Fifty Years' Service

THE Commander-in-Chief of the Devonport (British) Home Fleet, Admiral the Hon. Sir Hubert Brand (left), is shown saying goodbye to Vice-Admiral E. J. A. Fullerton, who will succeed him as new commander-in-chief.

## Pleads for Life Of Man Ordered Home to Russia

Minister of Justice Asked to Save From Deportation Ex-Convict in Fear of Firing Squad in Own Country for Buying Saskatchewan Farm With Russian Money

WINNIPEG, Oct. 24 (CP).—An appeal to Hon. Hugh Guthrie, Minister of Justice, urging him to intervene in the case of Isaac Braun, the man who "fears death in Russia," was dispatched tonight to Ottawa by Dr. John MacKay, principal of Manitoba College and head of the Manitoba Conference of the United Church of Canada.

In his desire to save Canada from a lamentable "descent to savagery," Dr. MacKay urges the Minister of Justice to save Braun from deportation to Russia, where, it is believed, he would face a death sentence for smuggling money out of the country when he left in 1927.

**RELEASED ON SATURDAY**  
Braun, released from Prince Albert penitentiary Saturday, is en route to Montreal tonight, escorted by immigration officers, who will see him aboard ship at the Quebec port.

A Mennonite, Braun came to Canada in 1927, taking up a farm at Rossmore, Saskatchewan, where his wife and two children now live. Convicted in Saskatchewan courts of perjury, he was sentenced to five years' imprisonment and recommended for deportation.

In a telegram to Mr. Guthrie, Dr. MacKay says: "As president of the Manitoba Conference of the United Church of Canada, I am speaking, I believe, for every Christian man and woman in Canada. I entreat you to intervene in the case of Isaac Braun, who is to sail from Montreal on October 27, almost certainly to face a firing squad in Russia for bringing out money to pay for his farm at Rossmore, Saskatchewan."

**ALMOST CERTAIN DEATH**  
"Surely Canada cannot lend itself to such an utterly savage action as to tear this man from his wife and children," Dr. MacKay says.

At the conclusion of the meeting he marched bareheaded before his shock troops through Fleet Street and the Strand. There was a protective escort of police.

## MOSLEY ASSISTS FASCIST PARTY

Emerges From Political Retirement to Address Stormy Meeting in London

LONDON, Oct. 24 (AP).—British Fascists, wearing black shirts, roared their approval and executed the Roman salute tonight when Sir Oswald Mosley emerged from his recent political retirement to address a meeting in the East End. Communists and jobless persons heckled him.

Three men were ejected from the meeting after a struggle. Sir Oswald attacked Socialists, Communists, Tories and Jews in his speech, and offered Fascism as the cure for Britain's troubles.

At the conclusion of the meeting he marched bareheaded before his shock troops through Fleet Street and the Strand. There was a protective escort of police.

## Escaped Devil's Island Prisoners Sail to Port

WILLEMSTAD, Curacao, Oct. 24 (AP).—Six men, who said they had escaped from the dreaded "Devil's Island," French penal colony on the Isle du Salut, arrived here today in a sailing canoe and were provisionally detained by the authorities.

The men said they had been sent to the penal colony for various offenses, including murder and robbery, and that they escaped early in September.

## May Ban Imports Of Tobacco Leaf

SYDNEY, N.S.W., Oct. 24 (AP).—Its tobacco-growing industry upon a sound basis, Australia will consider a plan to prohibit the importation of United States leaf, the former main source of supply.

This year's Australian crop, particularly that from subtropical areas in Queensland, has been highly praised by experts.

As soon as the home market is fully supplied an attempt is to be made to build up exports.

## WHEAT DUTY IS DEBATED

Minister Explains Plan for Operation of British Protective Tariff

OTTAWA, Oct. 24 (CP).—It was farm day in the House of Commons today when the agricultural features of the Canada-United Kingdom trade agreement were attacked and defended.

Leading the defending forces of the Government was Hon. Robert Weir, Minister of Agriculture, who said the treaty would be a boon to Canadian farmers. George McPhee, Liberal, Yorkton, Sask., was equally emphatic in saying the agreement would be disadvantageous. His high tariff features would "bleed the farmers to death" and it would not open British markets to the extent the Government claimed.

**MIND NOT MADE UP**  
After pointing out advantages and disadvantages in the treaty, Alfred Speakman, United Farmer member for Red Deer, said he found it impossible to announce how he would vote.

The agricultural minister made one positive statement concerning the six-cent wheat bonus. Canadian exporters, he said, would receive the world price—the price of the British importer, not the miller or broker. Foreign exporters would be paid the world price minus the bonus.

The preference on apples of four shillings a barrel should increase Canada's exports to the United Kingdom by 500,000 barrels, Mr. Weir thought.

## Little War Now Ended By Victory

RABAT, Morocco, Oct. 24 (CP).—French troops here closed victorious fighting in the 1932 campaign against Moroccan rebels in the Atlas Mountains.

Large tracts of territory have been reclaimed from dissident tribes in fighting waged since last Spring. Bitter opposition was overcome, as many as 15,000 tribesmen surrendered.

The powerful chieftain, Sidi el Mekki, and 3,000 men surrendered after a battle with the 2nd Regiment of the Foreign Legion, which lasted four days and four nights.

## Gone at Last to His Long Sleep

BUDAPEST, Hungary (By Mail) (AP).—Death finally ended sixteen years of sleeplessness for Cornelius Ssekely, which attracted wide attention in medical circles. He was wounded in the head during the Great War and never recovered.

He died at his home in Budapest, where he had been suffering from his condition for many years.

## FATE UNKNOWN

RYERSON STATION, Pa., Oct. 24 (AP).—Edward McCracken, the village storekeeper here who started the year 1932 by wiping from his books nearly \$10,000 owed him by farmers, has lost his home and filling station by fire.

McCracken said he let fire insurance policies covering his property lapse last week.

## VANCOUVER BOY MISSING

VANCOUVER, Oct. 24.—Judson La March, fourteen, has been missing from his home in Heather Street for three weeks, and efforts of his parents and friends, assisted by the police, to locate him, whereabouts have been without result.

## FIRST READING GIVEN TO BILL RATIFYING OTTAWA AGREEMENTS

Expected to Be Rushed Through Second Reading in British House to Become Law by Middle of November, When Provisions of Present Tariff Legislation Expire

## Amendments Are Defeated By Overwhelming Votes

LONDON, Oct. 24 (CP).—An Ottawa Agreements Bill, based on numerous financial resolutions which have engaged the House of Commons during the past week, was given first reading tonight to the accompaniment of cheers from members of the Government. The bill, which was formally introduced by Neville Chamberlain, Chancellor of the Exchequer, brought to a close lengthy debate on the financial resolutions embodying terms of the trade agreement between the United Kingdom and the Dominions. The resolution went through all stages of procedure.

Next Wednesday the bill will be brought up for second reading and is expected to be rushed through the House, as the Government insists it shall become law by November 15, when the Tariff Act, under which the Dominion products were given preference in the British market, will expire.

In debate today, Labor and free trade Liberal critics continued their attack on the agreements.

**AMENDMENTS DEFEATED**  
Amendments were moved unsuccessfully to kill all additional tariff preferences which the United Kingdom would grant the Dominions under the agreements. A move to strike out the wheat preference of two shillings a quarter (about 6 cents a bushel) was defeated with the vote at 230 to 68.

Critics pressed particularly on that provision of the agreement which would require the Dominion wheat producers to sell at world prices.

Leslie Hore-Belisha, National Liberal financial secretary of the Treasury, described the provision as the most adequate protection which could be afforded the British consumer.

"But how will the world price be determined?" Sir Herbert Samuel, leader of the Liberal Free Traders, continued on Page 2, Column 4

## QUOTA SYSTEM IS ADVOCATED

Recommended by Commission to Limit British Bacon and Ham Supplies

LONDON, Oct. 24 (CP).—Application of a quota system to limit the supply of bacon and ham on the United Kingdom market, was advocated tonight in a report of the Pig and Poultry Products Reorganization Commission, headed by G. R. Lane-Fox, Conservative member of the House of Commons.

The commission, appointed last April, found expansion of the bacon side of the industry, to which it confined its attention, would be impossible without regulation of imports. It recommended that as a means of stabilizing production total supply of the British market, starting July 1, 1933, should be limited to 10,670,000 pounds a year.

This, it said, would mean a reduction per year of 2,500,000 pounds on the basis of supply for 1931.

**ON CONTRACT BASIS**  
The commission recommended home production should be limited to the quantity producers can guarantee to supply, and that for this purpose all sales of bacon and pigs should be on a contract basis.

The initial quota for home production from next July 1 would then be equivalent to the volume of bacon contracts held by curers, and the remainder of the base figure of 10,670,000 pounds would be allocated to exporting countries as national quotas.

Subsequently, the report continued, the home quota would be increased at a maximum rate which would double the output in two and a half years; and annual adjustments would be made in the import quotas.

**ADVISORY COMMITTEE**  
The commission's proposals included creation of a quota advisory committee, which would determine and allocate the quotas, and a pig industry development board to unite producers and curers in a common effort to develop the industry.

## SCHOOL OFFICIAL IS UNDER ARREST

Charge of Theft Follows Revelation of Sensational Disappearance Hoax

LOS ANGELES, Oct. 24.—Elliot B. Thomas, Redondo Beach school superintendent, who last week perpetrated a sensational hoax in fleeing to Seattle, was arrested tonight on a charge of stealing \$8,000 in school funds.

District Attorney Burton Pitts said Thomas had confessed two years of thievery almost as complex as the method as the school head already admitted plan to desert his wife and young daughter and as "E. T. Sherwood," marry Sylvia Wilson of Seattle.

Summoning Thomas to his office, Pitts said he drew from him a detailed admission of having forged pay checks and warrants since 1930. Some of them, Pitts said, were made out to persons who did not exist, and all were cashed at the county auditor's office.

The confession said Thomas used the money in leading Miss Wilson to believe he was a prosperous Los Angeles broker.

## MAY IMPEACH SEATTLE MAYOR

City Council Directs Investigation of His Political Speech Making

SEATTLE, Oct. 24.—The City Council, by unanimous vote, today directed its efficiency committee to investigate the public statements of Mayor John F. Dore to ascertain whether he should be impeached, because of recent radio political speeches.

At the same time the council, by a 5-to-3 vote, adopted a resolution calling upon the mayor to cease making speeches "injurious to the city's good name and credit."

Councilman David Levine sponsored both motions. "The city's good name and financial standing is impaired by every speech the mayor makes and it is high time he stopped," Levine said. "The gentleman downstairs should attend to the business for which he was elected."

The action grew out of radio speeches by Dore in behalf of county commissioners running for re-election, and in which Dore accused John C. Stevenson, an opposition candidate, of radicalism.

Mayor Dore received word of the council's action defiantly. "They can't shut me up," he said. "I am facing the toughest situation in my life. I'm responsible for what transpires here."

"I have never made any statement over the radio that is bankrupt. As a matter of fact, I succeeded in effecting a \$2,500,000 reduction in the budget to keep the city's finances in good condition."

## "Late 500" Predicts Saskatchewan Jail Will Soon Have Riot

Ex-Convict Gives "Inside" Information Regarding Grave Situation Developing Where Hardened Criminals Rank Highest in the Social Scale

CALGARY, Oct. 24 (CP).—The Calgary Albertan tomorrow will carry the following news story: "They may break out at Prince Albert any time. There's trouble brewing there as sure as anything. It's being fomented by a crowd of hardened, long-term cases. There's about fifty of them concerned. Most of 'em transferred some time ago from Kingston. I'm glad to be out of it in time."

"Late 500" to give him a fictitious number—sat in the office of a Calgary lawyer on Monday afternoon and talked of the three years he had been dead to the world. He told of an intensely grave situation that is developing in the Saskatchewan Penitentiary. He had arrived by easy stages, from Prince Albert, from which he was released a short time ago.

**SOMETHING IN THE WIND**  
"You can tell when there's something in the wind, although everything may seem all right on the surface and I know there's something at Prince Albert because I was approached."

"No, it isn't the food," he continued, "nor general living conditions. The food's fine and there's a lot of room. It's a spirit of resentment that is being fostered by long-term cases who are everything to gain and nothing to lose by a riot. You see, parole has been restricted at Prince Albert and the thugs are making capital out of it."

"They couldn't get out on parole anyway, but they're using the argument to get other men on their side and they're making tremendous headway. It's almost all underground at the moment, of course."

**THEY GET THE NEWS**

## Camrose Electors Will Vote Today

CAMROSE, Alta., Oct. 24 (CP).—Voters of Camrose Provincial electoral constituency will go to the polls tomorrow to elect a successor in the Alberta Legislature to Hon. Vernon W. Smith, Minister of Railways and Telephones, who has resigned.

Seeking the seat are Chester A. Roming, U.F.A. and Government candidate; Frank P. Layton, Conservative; and Bivert M. Westwick, Liberal. Campaigns of the three political parties, under way for the past three weeks, concluded tonight.

## PLODDING TO METROPOLIS

Two Thousand Jobless Are Marching to London to See County Council

LONDON, Oct. 25 (AP).—Two thousand jobless men and women plodding through the rain toward London were represented before the London County Council today by a deputation which demanded free coal and shoes for the unemployed and free milk for their children. They demanded also that accommodations be provided by the city for the approaching "army" which should be here on Thursday to demand that Parliament rescind the "means test" which requires a recipient of the dole to furnish proof that he has no other means of support.

**NO ENCOURAGEMENT**  
Further than that the deputation demanded the rent of all houses be reduced 25 per cent. One of the five members of the council was not the slightest chance the demands would be granted.

When the County Council met early in the afternoon a score or more of men were waiting to present the demands of the unemployed. Police reinforcements, mounted and afoot, were stationed in the building court and at all the entrances and in all the corridors of the floor where the council was meeting. Five men were picked from the group and the rest waited outside in the rain.

## Trapped in Manchuria

Wednesday the same deputation, it was announced, would seek an audience with Hon. Hugh Guthrie, Minister of Justice.

The deputation's visit to the prison was planned mainly because Mrs. Alice Buck, wife of Tim Buck, former Communist leader, had been notified her regular visit, scheduled for last week-end, was not an opportunity time for a visit.

**HOPES TO SEE HUSBAND**  
If granted an interview with prison officials, the delegation would ask that Mrs. Buck be allowed to see her husband, the leader announced, and that relatives of others be allowed to see their husbands and satisfy themselves they were unhurt.

On Wednesday, the announcement said, the delegation would visit the Minister of Justice and ask for a public hearing into the prison disturbances, to withhold any punishment of the Communists in the prison, or any prisoners who took part in the disturbances; to grant the prisoners demands, and to accord preferential treatment to "political prisoners" in the penitentiary.

## POLICE FIGHT NUDIST CRAZE

Wave of Puritanism Sweeps Europe as Sun-Bathing Becomes Popular

LONDON (BUP).—A wave of puritanism is sweeping Europe as a result of the popularity of sun-bathing.

New regulations are being enforced in many countries, notably Germany, where the nudist craze has now reached its peak. In others, old forgotten laws are being invoked by the police and morality councils to check "birthday-suit bathing."

Latest reports from various parts of Europe indicate that the sun-bather is fighting against odds.

In France the police are doing their utmost to stop the craze for nudity, which, however, is limited to a small minority. Nudist clubs are gaining few members and those clubs which do exist are run on rigid lines with positively puritanical standards.

**RIGID SUPERVISION**  
In Hungary the whole might of the police forces is directed towards the suppression of nudity. Complaints from householders that sun-bathers are in the vicinity are immediately investigated and prosecutions carried on. Nudist clubs are few and those that do exist are rigidly supervised.

In Italy sun-bathing in the nude is a serious offence. Attempts to organize sun-bathing camps are doomed to speedy and often painful failure. Some girls who sun-bathed in the nude were so badly chastized by irate Italian women that others have been deterred from their extreme ideas.

said C. H. Dickie (Conservative, Nanaimo). "This country was really the game properly. All her cards had been put on the table, and the advantageous agreements of the conference were to be made the Empire a self-contained unit in trade, much like the states of the American union. This action had been forced upon Canada by virtue of the United States closing that door to the products of the Dominion."

**MATTER FOR BRITAIN**  
The decision whether all Canadian wheat shipped to United Kingdom ports shall enjoy the six-cent-a-bushel preference or only that going direct from Canadian ports, is a matter for the British Government, stated Hon. H. H. Stevens.

## Will Speak Tonight in Metropolitan

A union meeting of the United Church congregation of the city will be held tonight in Metropolitan Church to hear an address by Rev. Dr. R. B. Cochrane, of Toronto, secretary of the national missions of the United Church. One of the most forceful speakers of the denomination, Dr. Cochrane is expected to present the home mission especially in the interests of the mission and maintenance fund of the church. Rev. W. F. Hunt, chairman of this fund for the Victoria Presbytery, will preside.

**INFRA-RED RAY USEFUL**  
Air Photography Made More Efficient by Use of Special Plates

LONDON (CP).—New scope for the air photographer is suggested by the experiments in "infra-red" aerial photography that have been done recently by Mr. J. Yoxall.

Light vibrations invisible to the eye are used for these photographs, special plates being exposed through filters added to the camera lens. When the filters are fitted it is almost impossible, if the camera is held up to the light, to see through them all. Yet a photograph taken on the special plate will be able to register many things invisible to the eye in broad daylight.

Some photographs were taken by this means from a Hawker "Hart" aircraft, near Brooklands Aerodrome and the results clearly show that vegetation, trees and similar living matter of sharp green color, strongly reflects the infra-red rays. Green plant would in all probability reflect the rays much less sharply. The inference is that infra-red air photography is likely to be of the highest value for military purposes in the detection of camouflage.

**IN WAR AND PEACE**  
Infra-red photographs will give staff officers information about the enemy's dispositions unobtainable by any other means. It has also been suggested that infra-red aerial photography may prove a valuable ally to the archaeologist. Ordinary aerial photographs have often been the cause of the discovery of ancient works and the sites of camps and buildings destroyed centuries ago. The infra-red photograph may give further assistance in this kind of discovery.

At present the method suffers from one disadvantage, and that is that the plates are all extremely slow, judged by standards of ordinary photography. An exposure of about a tenth of a second is about the least that can be given. Work proceeding, however, to increase the speed of the plates, and there is every chance that it will prove successful.

**CRIME RECORD STILL GROWING**  
Pedestrian Attacked and Robbed in Vancouver—Taxi-Driver Held Up

VANCOUVER, Oct. 24.—Several armed holdups, a blackjack attack on a pedestrian and numerous shop and housebreakings constituted Vancouver's crime record over the week-end.

No trace has been found of the three bandits who held up fifteen men in a clubroom in the basement of the Maple Hotel, East Hastings Street, and escaped with nearly thousand dollars at 6 p.m. Saturday.

Frank Aubin, driver for Gray Cabs, was held up by two armed men who hired him to drive from the 1300 block, Seymour Street, to Windermere Street and Second Avenue, at midnight Sunday. There they robbed him of \$4 and his car. The taxi was recovered later on Commercial Drive near Second Avenue.

**SLUGGED AND ROBBED**  
Roy Johnston, Williams Street, was slugged by a thug at 1 a.m. Sunday on Clark Drive, near Venables Street intersection, and robbed of \$14.

The victim of the attack had just left a friend's automobile and was walking in the direction of his home when the footpad crept up behind him. He was struck suddenly over the head with a blackjack and his pockets were searched after he had fallen to the sidewalk.

**GIVES ASSISTANCE**  
Still dazed as a result of the attack, Johnston was picked up in an automobile by W. Irvin, Robson Street, who drove him to police headquarters, where the robbery was reported.

Thirty bolts of cloth, valued at \$1,000, were stolen from Glibber & Son, Homer Street.

Jewelry was stolen from the home of F. A. Wilcam, Park Drive, and \$7 and clothing stolen from the suite of W. E. Walker, Jervis Street. A slot machine was wrecked and its contents stolen by thieves who broke into the store of Fred Beccer, Robson Street.

VANCOUVER, Oct. 24.—Several armed holdups, a blackjack attack on a pedestrian and numerous shop and housebreakings constituted Vancouver's crime record over the week-end.

No trace has been found of the three bandits who held up fifteen men in a clubroom in the basement of the Maple Hotel, East Hastings Street, and escaped with nearly thousand dollars at 6 p.m. Saturday.

Frank Aubin, driver for Gray Cabs, was held up by two armed men who hired him to drive from the 1300 block, Seymour Street, to Windermere Street and Second Avenue, at midnight Sunday. There they robbed him of \$4 and his car. The taxi was recovered later on Commercial Drive near Second Avenue.

**SLUGGED AND ROBBED**  
Roy Johnston, Williams Street, was slugged by a thug at 1 a.m. Sunday on Clark Drive, near Venables Street intersection, and robbed of \$14.

The victim of the attack had just left a friend's automobile and was walking in the direction of his home when the footpad crept up behind him. He was struck suddenly over the head with a blackjack and his pockets were searched after he had fallen to the sidewalk.

**GIVES ASSISTANCE**  
Still dazed as a result of the attack, Johnston was picked up in an automobile by W. Irvin, Robson Street, who drove him to police headquarters, where the robbery was reported.

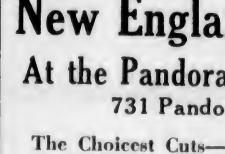

Thirty bolts of cloth, valued at \$1,000, were stolen from Glibber & Son, Homer Street.

Jewelry was stolen from the home of F. A. Wilcam, Park Drive, and \$7 and clothing stolen from the suite of W. E. Walker, Jervis Street. A slot machine was wrecked and its contents stolen by thieves who broke into the store of Fred Beccer, Robson Street.

## MAYOR SAYS CITY SOUND

Financial Conditions Are Encouraging at Present, Civic Head Tells Gyros

Four items of civic administration that may be taken as the basis for an undisputed fact that Victoria is financially sound as any city in the Dominion were tabulated by Mayor David Leeming in an address to the Victoria Gyro Club yesterday.

Those items, which are of major importance, are:

(1) That the city received an offer of 10.14 for a block of \$200,000 of bonds from reputable bond houses.

(2) That the net debt increase of the city for this year will not exceed \$127,949.

(3) The City of Victoria will collect in excess of 88 per cent of its current tax levy.

(4) That the city has come to a very definite end of borrowing for capital expenditure. There are no major projects to be entered upon and work may be continued by payment out of current revenue.

**MAYOR IS HOPEFUL**

In view of these important accomplishments, Mayor Leeming was exceedingly hopeful concerning the future. There are still many financial problems to be met and overcome, the mayor hinted, but the situation was not nearly so critical as citizens have been accustomed to believe.

The unemployment problem is one that will require the greatest amount of attention during the present fall and the coming winter in view of the uncertainty as to what the Provincial and Dominion Governments are prepared to do to assist the municipalities. More than 3,000 persons will be receiving relief from the municipalities this winter, the mayor predicted.

His Worship went very fully into the civic finances, quoting the gross debt of the city as more than \$13,000,000 at the commencement of the year. There was, however, an increase in the sinking fund earnings which would give an increase of \$127,949 in the net debt after three years of deep financial trouble.

**DEPARTMENT CHANGES**

The mayor referred to the departmental changes that had taken place at the City Hall since the beginning of the year and he styled the comptroller's by-law as the most important document passed by any city council in many years.

This by-law actually gives the finance committee control of all departments of the city's administration. He also mentioned changes in the engineering department to bring that branch into control of maintenance work only.

The speaker paid tribute to the loyalty and the competence of the heads of departments at the City Hall and also took occasion to praise Alderman Alex Peden for his valuable work as head of the city's relief department. The mayor intimated that the whole of the administration of the city's affairs was being placed on a business basis, under proper and efficient control, with the view of practicing the utmost in economy in so far as management expenditures were concerned.

President Richard A. Lipsey extended thanks to the mayor on behalf of the Gyro Club.

## Heirs to Estate Seek Accounting

An action, in which the heirs of the estate of the late John Clayton, of Bella Coola, who died in 1910, are seeking an accounting of the handling of the affairs of the estate, was resumed before Chief Justice Morrison in Supreme Court chambers here yesterday, and was adjourned to allow defence counsel to file changes in reply.

Four lawyers were engaged in the action in chambers yesterday, J. W. deB. Harris, K.C., and Henry C. Hall, K.C., as counsel for the heirs, and Clarence Darling, for the investment company, and H. A. Maclean, K.C., for the trustees of the estate. Considerable documentary evidence is on file before the courts and the main point at issue yesterday was amendments to statements of claim and replies.

## HAS PRAISE FOR COAST HIGHWAY

J. K. Hodges, Manager of Empress Hotel, Speaks in High Terms of Newly-Opened Road

J. K. Hodges, manager of the Empress Hotel, who with Mrs. Hodges has been on a holiday trip through Washington and Oregon states, returned to the city yesterday. The tour was made by automobile, and Mr. and Mrs. Hodges took the newly-opened highway along the coast of the two states visited. The roads were in excellent condition, and the trip throughout was most enjoyable.

Mr. Hodges says that all that has been said about the coast highway is well within the mark in describing it. The route is one that will attract a lot of travel when conditions resume their normal state.

## WILL CONTINUE MOVE FOR AID

Municipalities' Union Want Relief From Social Service Costs

Indication that the Union of British Columbia Municipalities intends to press the matter of having the Provincial Government again take over the burden of bearing social service and other costs, was given in a letter from the secretary of the union received at a meeting of the Esquimalt Council last night.

The purpose of the letter was a request from the union for an extra \$50 assessment, the second this year, to defray the additional costs incurred in the extra work the union has done this year.

Reference to the active year experienced by the union was made in the letter and it was added that the body intended to continue to bring pressure upon the Provincial Government to accept these costs which were placed upon the municipalities at the last session of the Legislature. Payment of the assessment was authorized.

## TO AWAIT ANNOUNCEMENT

Announcement that the council had no intention of borrowing money from the Government this year to carry on relief measures until definite word of what action the Federal Parliament will take in the matter, was also made at the meeting.

In another letter from the union body, the council was advised to make early application if it intended to make such a loan from the Government, which action is permissible under Bill No. 72. Reeve Heald suggested the council wait until the Dominion Government announced its intentions as regards relief, after which the communication was tabled.

## SEES OPENING FOR SOFT WHEAT

British Columbia May Find It Profitable to Produce for Oriental Market, Says Cerealist

British Columbia may become an important factor in the production of what is known as soft wheat. The position of the province is such as to make this a possible lucrative trade, as the Orient has shown a strong disposition to use the flour from soft wheat rather than the hard wheat for which the prairies are famed.

The conference of Dominion, provincial and university agricultural officials, which opens here today, will give considerable attention to this subject, it was stated by L. H. Newman, Dominion cerealist, who is here from Ottawa to represent the Dominion Department of Agriculture at the gathering.

Mr. Newman spoke in high terms of the manner in which the Provincial Department of Agriculture and the University of British Columbia were co-operating with the Dominion department to accomplish the objects sought. This co-operation grew out of the gathering which was held in the East a few weeks ago and which was summoned by the Federal Minister of Agriculture.

**OUTLOOK FOR GROWTH**

In speaking of the soft wheat and the outlook for its growth in this province, Mr. Newman said that while wheat is known as winter wheat was productive of this class, it was confined to these varieties of the cereal. There are localities where the spring varieties yield soft wheat, which is used in the manufacture of pastry flour on this continent. But while this is utilized for pastry flour, the hard wheat is the basis of the bread flour used here.

The Chinese, however, have a preference for flour from soft wheat for all uses. The United States has worked up a large trade in this, but there is no reason why British Columbia should not be able to take a part of that trade, it is contended.

W. P. Wright, of the city clerk's office, was appointed secretary of the Zoning Board of Appeal by the City Council at its meeting last night on the recommendation of D. A. Macdonald, comptroller.

**SECRETARY NAMED**

Members of Majestic Council, No. 1513, Royal Arcanum of Victoria, were hosts last night to Robert S. Pence, of Spokane, vice-regent for the jurisdiction of Washington and British Columbia, at a largely attended meeting in the Elks' lodge.

The feature of the programme was an address by Mr. Pence dealing with general conditions within the lodge. At the conclusion of his interesting talk Mr. Pence answered several questions from local members pertaining to Royal Arcanum matters.

The evening concluded with a short musical programme by Douglas Parks and Cecil Armstrong and the serving of refreshments.

## British Columbia To Push Sale of Apples in Britain

GOVERNMENT support for a two weeks' drive in Britain in support of increased sale of British Columbia's abundant crop of big red apples was voted yesterday by the Cabinet, when \$100 was set aside to cover the cost of sending a corps of canvassers into the field to call on retail, wholesale and other grocery distribution agencies in an intensive campaign.

The action, suggested by J. H. Kinghorn, a Sorrento grower, followed advice to the Department of Agriculture from Hon. T. G. Coventry, George A. Barrat and Forsyth Smith, market officials now in London for the province, the growers and the Dominion, respectively, that such a canvass would pay. British growers recently adopted a change from sale by weight to sale by number in apples, throwing open a fine opportunity to increase the movement of late varieties of Delicious, Winesap, Rome Beauties and Yellow Newtowns grown in British Columbia.

## CANTATA GIVEN FINE READING

St. Andrew's Presbyterian Church Choir Sings Gaul's "Holy City"

One of the sweetest and most melodious of the sacred cantatas, Gaul's "Holy City," was very beautifully sung last night by St. Andrew's Presbyterian Church Choir, augmented by a specially-picked voice from some other choir of the city. Under the enthusiastic direction of Jesse Longfield, who also presided at the organ, the numerous fine choruses, solos, duets, trios and quartettes were, expressively presented, the reflective and devotional spirit being particularly noticeable throughout. The work gained in richness by having piano as well as organ accompaniment, Edward Parsons furnishing the piano music.

Textually built up principally of words suggested by passages of Scriptures, "Here Have We No Consoling City," "Thy Kingdom Come," "My Soul is Awaiting for God," "Eye Hath Not Seen," and "I Saw a New Heaven and a New Earth," the cantata contains an exalted theme of the desire and realization of the higher life, and this inspired the singing of the singularly beautiful words of this, the choir brought the right spirit of contemplation.

## ADMIRABLE BALANCE

With the exception that the soprano tone was at times relatively too light, notably in "Let the Heavens Rejoice," and "Great and Marvelous Are Thy Works," the choir had admirable balance and was well under control. The sweet and youthful quality of the female voices showed to supreme advantage in the ethereal "Last of the Cherubic Host," the choral sanctus, "Holy, Holy, Holy," and "No Shadow of Great Tribulation," both of which were sung with majesty and, at times, gave the impression of being the singing of a vocal ensemble twice as large.

The solo voices also acquitted themselves well, being as follows: Soprano, Isabel Crawford; second soprano, Mrs. Downard; contralto, Mrs. F. W. Hawes; tenor, William Draper, and baritone, Arnold Trevett.

## LOVELY AIRS

Among the lovely airs sung by Miss Crawford were "He That Overcometh" (in the prologue) and "Great Tribulation," both of which betrayed a charming sympathetic tone. The principal soloists for Mrs. F. W. Hawes, both of which she sang well, were "Eye Hath Not Seen," and "Come, Ye Blessed of My Father." The enunciation was clear, the air, "My Soul is Awaiting for God," and "To the Lord, Our God," and "Mr. Draper, the baritone, sang with sincerity and intelligence, "A New Heaven and a New Earth," and "I Heard the Voice of Harpers."

Of the combinations of solo voices, one of the most beautiful was the quartette of women's voices, "Last of the Cherubic Host," unaccompanied; the double mixed quartette, "The Fining Pot is for Silver," and the duet by Miss Crawford and Mrs. Hawes, "They Shall Hunger No More," were also especially appealing.

The work throughout showed thoughtful and painstaking preparation and musical perception.

## Arcanum Leader Is Greeted Here

Members of Majestic Council, No. 1513, Royal Arcanum of Victoria, were hosts last night to Robert S. Pence, of Spokane, vice-regent for the jurisdiction of Washington and British Columbia, at a largely attended meeting in the Elks' lodge.

## FUND NEARING ITS OBJECTIVE

Work Will Be Started Soon in Building New Esquimalt Municipal Park

Possibility that further relief work might be commenced in Esquimalt within the next few weeks, loomed at a meeting of the municipal council last night when Reeve Albert Heald reported that collections had nearly attained the objective of \$2,000 necessary to start operations in building at the corner of Fraser and Lyle Streets a new municipal park and football field, to be known as the Fitzherbert Bullen Park.

Several weeks ago Mrs. R. H. Pooley and Lady Bernard generously offered the council gifts of \$500 each, provided the municipal body could raise an additional \$1,000 to start the work. The collection of the second thousand dollars was undertaken by representatives of the Esquimalt Football Club and other sporting organizations; also Reeve Heald and members of the council.

Reeve Heald stated the fund had now reached the \$1,400 mark, and hoped that before the next council meeting the \$2,000 objective will be attained.

## NO CAUSE FOR UNION REQUEST

Premier Tolmie Explains Relief Board Is for Dominion Costs

There will be no need for municipal representation on the Provincial Relief Board, appointed to deal solely with the Dominion's policy in the care of single homeless men, where the men are to be taken from the cities and cared for out of Dominion and Provincial funds, Premier Tolmie stated yesterday, after taking up the point with Dominion officials.

The statement was in reply to a suggestion advanced by the Union of British Columbia Municipalities that it would desire representation on the newly named board, composed of Major J. C. Fordham, Colonel J. S. Dennis and Professor W. A. Carrothers. Reeve Crouch was suggested.

Premier Tolmie made it plain the relief board would serve only in respect of provincial camps and the relief of men falling into the category of single homeless men to be removed from urban centres, where the Dominion is to pay their keep up to a fixed limit monthly. No part of such costs will fall on the municipalities.

**FURTHER WORD AWAITED**  
The Province itself is awaiting word as to the Dominion policy in respect to married men, and others not covered in the category outlined in respect to the present scheme.

Until this is known, the Government does not see what can be served by meeting the municipalities for further discussion of budgeted relief allocations affecting cities, and is likely to postpone any conference until it is clear itself as to what will rule in this regard.

## DEATH SUMMONS MINISTER HERE

Rev. F. C. Mortimer, Retired Anglican Clergyman, Dies in Jubilee Hospital

Rev. Francis Charles Mortimer, retired member of the Anglican clergy, passed away in the Royal Jubilee Hospital yesterday following a brief illness.

Of an endearing disposition, Mr. Mortimer, although retired from active clerical duties, continued his visitations to the sick and distressed and for that service he was made a life member of the Elks here as an appreciation of the splendid service he had given to mankind. He was held in high esteem by a wide circle of friends in Victoria and elsewhere in the Dominion.

Mr. Mortimer was born in Norwich, England, on December 8, 1858. He was ordained a deacon in the Anglican Church in Quebec in 1914, and was attached to Sir Wilfrid Grenfell's expedition exploring in Labrador. In 1917 he was ordained as a priest and the following year he became rector of St. James' Church, Kenogami, Quebec.

In 1922 he moved to Revelstoke, becoming rector of the Anglican Church there in 1923. He remained in Revelstoke until his retirement from the ministry in 1928.

Although his residence in Victoria was comparatively short, he made a large number of friends because of the assistance he gave freely to local churches and church institutions. His death will be keenly felt in Anglican Church circles here.

**THOSE WHO SURVIVE**  
Mr. Mortimer is survived by his widow at the family residence, 2209 Lydia Street; four sons, Hugh A. Mortimer, Montreal, and Edward O. Bernard and Gordon, of Lloydminster, Sask., and one daughter, Mrs. R. V. Robinson, Glenford Avenue, Saanich.

Funeral arrangements will be announced later.

## OTTAWA LOANS BEAR INTEREST

Five and a Half Per Cent Charged to Province on Aid Funds

Five and a half per cent is being charged on recent Dominion loans to the Province on account of unemployment relief. It was learned yesterday at the Legislative Buildings. The Province has borrowed \$3,871,664 from the Federal Government on its treasury bills, exclusive of a further \$150,000 authorized this week, for relief purposes.

While the loans are being charged at interest to the Province, there is still a considerable sum due from the Dominion on Federal account. It is understood. It is anticipated that an adjustment will be made soon after the Dominion has completed its own financing this fall.

Recent decision of the Dominion Government to assume the cost of caring for single homeless men from urban centres in provincial camps will give a considerable measure of relief to the Province and municipalities in respect to it is intimated. The Province, however, will still have to bear the cost of any allowances paid to the men, and the cost of any work provided on provincial account, it is expected.

BOSTON, Oct. 24 (AP).—It was a bird of a tale the United Fruit San Blas brought into port here. Bird in hand, bird in a sleeve, bird in book, bird in the lounge and in the forecastle, birds and more birds.

It was all due to the gale that had forced the birds some 200 miles from land, Captain George H. Grant said. The ship was overrun with them. Goldfinches, sparrows, hawks and just birds. They came in droves, flocks and swarms, hundreds of them, all made quite tame by their battle with the wind.

## REVIEWS MISSION WORK IN CHINA

Interesting Account of Efforts Made in Honan to Christianize Chinese Is Given

Interesting facts connected with the general life of the Chinese in their homes and of the progress that is being made by the Christian missions in the country were presented before a large gathering in the Memorial Hall last evening. The subject was made more vivid by the throwing on the screen of a very fine set of slides provided from headquarters of the Dominion Board of the Women's Auxiliary of the Anglican Church.

Ven. Archdeacon Laycock read an address, which accompanied the lantern slides, and which explained very fully the activities of the church mission in the Province of Honan. Excellent pictures of Bishop White, of Honan, and his native assistant, Bishop T'Sen, were included among the views shown.

Of special interest was the series of pictures depicting the work being carried on in the hospitals erected as an aid to the missionary enterprises of the church. The translation of the Bible into the native language, with the opportunities afforded for the reading of the gospel to groups who were not able to read by those who could perform this task was doing a great deal to assist in the spread of Christianity among the natives.

The meeting was presided over by Lady (Richard) Lake, president of the Columbian Diocesan Women's Auxiliary, who introduced the Archdeacon and later thanked him for his services in presenting the address.

Municipalities Ratify Gas Contract With B.C. Electric Railway Co.

Final ratification of the agreement between the British Columbia Electric Railway Company, Ltd. (Gas Department) and the Municipalities of Oak Bay, Saanich and Esquimalt, has been completed by the respective councils, and preparations are now being made for the drafting of by-laws which will permit the installation of gas mains in the districts within the next two years. Esquimalt gave final endorsement of the agreement last night.

Although not definitely stated, it is believed that work on the installation will not commence until next Spring, as the company officials have deemed it inadvisable to commence opening roads during the Winter months.

When the work does get under way, however, it is expected to provide a certain measure of relief for the municipalities. Installation of this was given at the Esquimalt meeting by Reeve Albert Head, who assured members of the council that A. T. Coward, vice-president of the company, had stated that wherever possible unskilled laborers of the municipality would be used in the work.

Following the initial drafting of the agreement, certain amendments, as recommended by Oak Bay, were made, which also received ratification by Saanich and Esquimalt.

## PROTEST BURNING OF CITY REFUSE

A protest against the burning of tree clippings and other boulevard refuse on the vacant land at the corner of Cook and Pembroke streets was made by the City Council in a petition filed at last night's meeting. The petitioners said that the city had burned tree clippings on the property almost continuously last Winter and expressed the hope that a stop would be put to it this year.

An Englishwoman, whose name is given as Louise Any, was fined \$100 recently at Victoria, B.C., for speaking against the Spanish Republic.

## PROTECTION FROM DAMAGES SOUGHT

Protection from civil action for damages arising from accidents is sought by members of the city fire department.

In a letter to the council, at its meeting last night, the local firemen's union suggested that the city include in its Municipal Act a clause which gives firemen immunity from action for damages arising out of an accident that occurs in line of duty.

The laws of California, it was pointed out, give firemen and police this immunity.

The communication was forwarded to the city solicitor for report.

Frank MacDermott, a descendant of King Roderic O'Connor, refuses any remuneration for acting as a member of the Dail Eireann, the Parliament of the Irish Free State.

When the Department of Finance wanted to present the \$150 a month salary because, it argued, the amount was really an allowance to defray expenses, MacDermott said he would pay Irish sweep tickets with the money in the name of Rosecommon County Council, and if the council would be used to benefit Rosecommon farmers either through lower taxes or welfare projects.

Many doctors have visited him, and they say it is a case of brittle bones.

A bride, aged ninety, who went to the church on the front seat of an auto truck, and bridegroom of eighty-three, who appeared at the church in a decorated donkey cart, were married recently at Woolhope, England. At the village inn the bridegroom sang old stories and recited a humorous poem.

## ABSORBING STORY FOR NOVEL FILM

Warren William Leads Fine Cast of "Skyscraper Souls" Showing at Capitol

One of the most novel films of the year, Metro-Goldwyn-Mayer's "Skyscraper Souls," is now on view at the Capitol Theatre. Cast, direction, and a crackling good story combine to make it the most absorbing kind of entertainment. A New York skyscraper—the world's tallest building—serves as the theatre of action, and out of the toil and strife of its occupants the screen playwright has thrown

into relief a series of little dramas which, suddenly converging, become one single torrent of drama.

Theatregoers should not miss this novel dramatic treat. Warren William enacts the role of the millionaire owner of the building who precipitates the disaster that engulfs all the others; Maureen O'Sullivan, a little stenographer who plans to leave her boy friend and go away with the millionaire; Gregory Ratoff, George Barbier, and any number of others are included in this fine cast.

In the other feature now showing Eddie Quillan stars in "The Tip Off."

SIXTEEN thousand square feet of construction flooring was laid to cover a single set built at the Metro-Goldwyn-Mayer studio for the filming of "Grand Hotel," which is now showing at the Dominion Theatre. The set represented Ced-

ronia's conception of the hotel lobby and balcony and included many striking features said to bring new ideas architecturally into the arrangement of hotel facilities.

PLAYHOUSE When Noel Francis, who is featured in RKO Radio Pictures' "Smart Women," at the Playhouse Theatre, ran away from a Methodist girls' day school in the South and secured a job in the chorus of Ziegfeld's "Follies," her father, a direct descendant of John Quincy Adams, disinherited her. He died later without forgiving the daughter. But Noel, true to her pioneer stock, succeeded in her chosen profession, far beyond her dreams. Critics predict for her an outstanding screen career.

COLUMBIA James Cagney has been elected an honorary member of "The Insiders," an association of professional automobile racers, of which Harry Harts is president. Harts, with Lou Schneider, Billy Arnold (1921 and 1922 Indianapolis Speedway champions, respectively), Fred Frame, Jack Brisco, Spider Matlock, Ralph Hepburn, Fred Goosie, Phil Fardes, Bryan Salpaugh and several other famous drivers, took part in the production of "The Crowd Roars," the new Cagney picture which is now showing at the Columbia Theatre.

## Brown and Grey for Fall Street Wear

EXTREMELY fashionable is this Fall suit of brown wool crepe combined with beige galyac fur (1). The clever skirt has inverted pleats lined with galyac to match the belted jacket. The sleeves are slightly puffed and the collar may be worn standing up or flatly framing the face. (2) Grey ostrich cloth with its attractively woolly surface is used in this street frock with moderate leg o' mutton sleeves. Bright red patent leather bands the pretty grey felt and a red patent bag lends an exciting and chic accent to the grey costume.

## MAN ROUTS ANGRY BULL

On his seventy-second birthday, William Scott, a farm hand, rescued his employer, Richard Cot-

lan, from an angry bull, near Kendall, England. Cotlan was leading the animal when it knocked him down, rolled him down a hill and gored him severely. Scott seized a cane and beat off the animal.

Ship operators of Chile have agreed to pay off and, with a few exceptions, to change the entire crew of all vessels at the end of each trip, thus spreading employment.

## WILL PROTEST TAX PAYMENT OBSTACLE

An audience with the Provincial Government's relief committee will be sought by the city relief committee, it was announced yesterday by Mayor David Leeming.

The purpose of the conference is to protest against an order which prohibits the city from allowing payment of taxes from relief grants. At present the city allows payment of rent from relief grants, and barring citizens the right to pay taxes on their homes from relief grants would be a gross discrimination, the mayor claims.

If property holders on relief are prohibited from using a part of their money to pay taxes, they will face the danger of losing their homes through tax sale, he said.

## VARIETY WILL APPEAR HERE

Nonstop Entertainment Programme Arranged for Crystal Garden Theatre

A group of local citizens, who wish to remain anonymous, have formulated plans for applying to Victoria and possibly Vancouver, an idea which has been given effect in England lately with remarkable success. It is a type of entertainment known as "nonstop variety."

This has been in vogue at the Windmill Theatre in London since last January and has just celebrated its thousandth performance. The Crystal Garden Theatre has been engaged and Major Bullock-Webster has been employed to develop the idea and put it into effect. C. Myddleton-Edwards has accepted the position of business manager, and Herbert E. Pott, who directed the British Columbia Drama Festival, will be stage director. It is estimated that between twenty and thirty artists will be employed. Local talent will be given first consideration.

The entertainment will be continuous from 2 p.m. until 11 p.m. and will be known as C.C.N.V. (Canadian Co-operative Nonstop Variety).

"Well, how did you get on?" asked the boxer's wife. "Did you win?" "The boxer smiled triumphantly. "Yes, put him to sleep in the third round," he replied. His wife rose from her chair, took a crying baby from her cot, and handed it to her husband. "Now you can try your hand on the baby," she said.

## COMMEMORATE ANNIVERSARY

Banquet, Organ Recital and Lecture Mark Centennial Church Celebration

Commemorating the forty-sixth anniversary of the founding of Centennial United Church, more than five hundred members and adherents of the church gathered last night for a banquet, organ recital and lecture which marked the occasion. Special Sunday services by visiting pastors also featured the anniversary.

The banquet, which was presided over by Rev. J. C. Switzer, the pastor, was followed by a delightful organ recital given by John Frisk, who rendered a number of old-fashioned selections. Mrs. Nellie McClung was the speaker of the evening, the topic of her address being "The Romance of Everyday Life." In a most interesting manner, she spoke of the romance one finds in books, words, clothes, children, youth, hard knocks and religion, elaborating on each point. William M. Scott moved a vote of thanks to Mrs. McClung. Her address was followed by two well received vocal offerings by Mrs. Arthur Dowell. Joseph Patrick acted as chairman.

On Sunday morning the service was conducted by Rev. Dr. E. A. Henry, of Pacific United Church, who spoke on "God's Challenge to Humanity." Mrs. Thelma Johns was the soloist. In the evening Rev. E. F. Church, of the Metropolitan United Church, preached. Mrs. Scott-Burritt was the soloist. Both services were largely attended.

## SAATCHI LIBERALS

The annual general meeting of the Ward Two Saatchi Liberal Association will be held in St. Mark's Hall, Boieskine Road, next Thursday night at 8 o'clock. Officers for the coming year will be elected. After business has been concluded, Norman W. Whitaker, Liberal candidate in Saatchi at the next provincial election, will give an address on "The Political Situation in British Columbia."

"Say, old man, what happened to that parrot of yours, that was such a great talker?" "Oh, I married, you know, and it was a broken heart!" "Jealousy, I suppose." "Well, no, not exactly. It couldn't stand the competition."

GET the BIG package of Rinso. Keep track of how much work it does for you. You'll be amazed—delighted! One woman washed 171 pieces of wash spotless with one large package, did the dishes 30 times, and still had enough left for other cleaning. Thousands of others have found Rinso just as economical, or more so.

Cup for cup, Rinso gives twice as much suds as lightweight, pulled-up soaps even in hardest water. Long-lasting suds that soak clothes whiter—get washable coloured things brighter, safely. No bar soaps, chips or softeners needed. The makers of 40 famous washers recommend Rinso. Fine for dishes.

Millions use Rinso in tub, washer and dishpan

## Y.M.C.A. Swimmers Capture Honors at League Water Gala

Finish With Total of Forty Points—Crystal Garden Club Second and V.A.S.C. Third—Keen Competition Features Meeting

Winning seven events, including the mixed relay, the Y.M.C.A. swimmers carried off the honors in the first gala of the season staged by the Vancouver Island Swimming League, at the Crystal Garden last night. Second came the Crystal Garden swimmers, with four firsts, scoring 27 points against 40 for the winners. The Victoria Amateur Swimming Club was third with three firsts and a total of 16 points.

The mixed relay proved the most closely contested race on the programme, with the lead fluctuating from one team to the other. The Y.M.C.A. first team, composed of P. Riddle, Helen Unsworth, Ruby Davidson and Denny Walker, won in a thrilling finish by less than a foot. The Crystal Garden swimmers were second, the team being W. Stokes, Bill Cooper, Eleanor Peden and Ken Derbyshire. V.A.S.C. were third, about ten feet behind.

Denny Walker, of the Y.M.C.A., was the individual star of the meet, placing first in the men's 100-yard backstroke and the men's 200-yard freestyle. He also swam in last position in the relay which his team won. P. Riddle carried off the men's 100-yard freestyle. Eleanor Peden won the women's 100-yard backstroke. She also placed second in the women's diving, which was won by Bertha Querna after a close contest. The women's 100-yard freestyle was also close, Eleanor Peden winning by two feet from T. Rideout, of the V.A.S.C.

Helen Unsworth, youthful Y.M.C.A. star, carried off the event for girls under 14, and also the 50-yard freestyle for girls under 16. Lillian Stokes, of the Crystal Garden, won the women's 50-yard freestyle from Ruby Davidson, of the Y.M.C.A. In close race, she placed second to Hazel Wright in the women's 100-yard backstroke.

### DIVING EXHIBITION

Instead of a men's diving competition, an exhibition was put on by Art Stett, Ernie Peden, George Adams and Phil Bond, who showed the spectators some fine fancy

diving from the three-metre board. R. W. Hibbertson, president of the league, refereed the events, and the other officials were: Announcer, Norval Peterson; judges and timekeepers, G. A. Bucklin, Chris Usher and Colin McFadyen; diving judges, Mrs. Hibbertson, Art Stett, Colin McFadyen and J. McLane.

Complete results follow:  
Men's 50-yard freestyle—1. Lillian Stokes, C.G.S.C.; 2. Ruby Davidson, Y.M.C.A.; 3. T. Rideout, V.A.S.C. Time, 1:37.2-5.

Men's 100-yard freestyle—1. P. Riddle, Y.M.C.A.; 2. W. Cooper, C.G.S.C.; 3. J. Rawlins, Y.M.C.A. Time, 1:45.

Girls under 14, 50 yards, freestyle—1. Helen Unsworth, Y.M.C.A.; 2. Yvonne Squire, C.G.S.C.; 3. A. Adams, Y.M.C.A. Time, 34.1-5.

### EXPLANATION FOR SUNDAY'S RIPLEY CARTOON

The first American election—the first man ever elected to office on the soil of the New World was John Winthrop, first Governor of the colony of Massachusetts Bay. This celebrated election took place May 18, 1631, after the royal charter which created a corporation under the name of "Governor and Company of the Massachusetts Bay in New England."

The first American electee was born in Edwardston, Suffolk, England (1588-1649). The proprietors of the company first elected him Governor on October 30, 1629, on British soil. On June 22, 1630, the new Governor arrived in command of eleven ships at Salem. After his re-election by the General Court in Boston on May 18, 1631, a landmark in the history of elections in the New World, he was re-elected to the same office in 1632, 1633, 1634, 1637, 1638, 1639, 1640, 1642, 1643, 1646, 1647, 1648 and 1649, so that altogether he was elected Governor sixteen times, in addition to three terms as Deputy Governor.

Winthrop is the man whose mind is credited with "having arranged the social state of Massachusetts, while Massachusetts in turn has moulded the society of New England."

## SHARKEY TO RISK TITLE AT BOSTON

Heavyweight Champ Will Sever Connection With Madison Garden

BOSTON, Oct. 24 (AP).—Jack Sharkey will risk his heavyweight boxing title only in a Boston ring and against an opponent acceptable to him, William F. Carey, president of the Madison Square Garden, was informed today, by Johnny Buckley, the Boston titleholder. Carey came here from New York to sound out the Sharkey forces about a return match with Max Schmeling in the Long Island hotel next summer. Sharkey was not at the conference. He returned from a Nova Scotia hunting trip with two handsome buck deer and was much too busy exhibiting the trophies of his marksmanship to discuss his future plans with Carey.

Not so with Buckley. The roly-poly manager did not mince words as he intimated to Carey that Sharkey's long connection with the Madison Square Garden would be severed next year. "When Sharkey defends his championship," Buckley told Carey, "it will be in a Boston ring and against an opponent acceptable to us. Sharkey is a Boston boy and would draw more money here than in any other city. At this time we are not prepared to state who Sharkey will agree to meet. There is no lack of suitable opposition for him. Besides Schmeling, there are Primo Carners, Stanley Foreada and Max Baer, any one of whom would draw a good gate with the champion. "Sharkey does not intend to dodge Schmeling. There will be plenty of time for that bout. And don't forget, Schmeling made Sharkey wait two years before he would agree to a return match."

### AMERICANS HAVING HOLDOUT TROUBLES

OSHAWA, Oct. 24 (CP).—New York Americans, of the National Hockey League, training here for the opening of the season in November, have contract trouble, it became known today. When "Bullet Joe" Simpson, newly-appointed coach, failed to sign several of the holdouts, the American management dispatched Business Manager Marty Shenko from New York, and today he held a conference with the players not satisfied with the proffered terms. No trouble is anticipated in lining the men up. Coach Simpson is still undecided as to the makeup of his first string. There is one thing he has decided on, however, and that is his first-string defence will consist of "Red" Dutton and the youthful Vernon Ayres. Bill Brydger and Duke Dutkowski will be the relief men.

## That Body of Yours

By James W. Barton, M.D.

**NOISE AND HEALTH**  
Research men tell us that the ear is a very delicate instrument. It was meant that it should hear the slightest sounds so that man could protect himself in emergencies.

As man is now able to take care of himself against animals, there is not perhaps the same need for acute or great delicacy of hearing, yet the ear drum is the same in structure as it has been for many centuries.

Today, however, the ear drum is forced to hear loud noises which it was not intended to hear or withstand, and these loud noises are actually causing a thickening of the ear drum. The thickening of this delicate membrane interferes with the movement of the three little bones that carry the sound impulse to the brain. In fact, the joints between these little bones become like solid bone. The nerve that carries the sound to the brain becomes gradually exhausted, thus tending to cause deafness.

Noise interferes with mental work by keeping the individual's attention on the noise itself instead of on the work he is trying to do. As mentioned before the loud noise in an office has lowered the efficiency of office workers by as much as 40 per cent.

Dr. D. Fraser, Australia, in discussing the subject of the relation

of noise in its effect upon the nervous system has shown that the noise of a city produces a wearing effect upon the nerves. While civilized man has grown used to noises and can shut them out of his home to a considerable extent, nevertheless noise is what makes any animal become alert or attentive, and with that attentiveness is fear. Man may not fear noises in a sense, but when noises strike his ear his whole being—body and brain—becomes or is kept alert. And you know from experience that when your brain and body are kept tensed, fatigue—tiredness—comes on very quickly.

In other words, noise is harmful to hearing, harmful to the brain itself, lowers ability to do work, and puts a real strain on the whole body that it was never meant to carry.

As mentioned before, noise has passed being a nuisance; it is a real menace to health.

"Could you lend me three-half-pence so that I can write and thank dad for the cheque I received today?"—Alf for Alie, Stockholm.

## REUSED BOOKS KNOTTY POINT

### Fear of Infection Militates Against Distribution in Schools

Proposals by the Vancouver Trades and Labor Council that the Government take over entire distribution of school books, and make existing works used in the schools do for a number of years by release to children in succession were laid before Hon. Joshua Hinchliffe recently. Mr. Hinchliffe said yesterday that the Government could not place itself in the position of demanding that children take books used by other children previously, without facing public misapprehension in regard to the spread of epidemics. Even though the practice is common in libraries and nothing is thought of it, its compulsory application to the schools would entail endless complications.

The Government does not propose to remove distribution of school books from the hands of the dealers. It was also intimated. Under the present system the dealers receive a small profit, no more than enough to pay the cost of handling the books, and many safeguards are provided against unfair prices to those who have to buy the books. The plan, innovated last year, has worked satisfactorily, the minister stated.

## VETERANS HOLD ANNUAL SERVICE

Service Organization Paid Tribute to Memory of Fallen Comrades on Sunday

A most impressive service was held in the Garrison Church, Esquimalt, on Sunday, when the members of the Victoria Unit of the Army and Navy Veterans in Canada held their annual memorial service.

Rev. P. C. Chapman, chaplain of the unit, conducted the service, and delivered the sermon, taking as his text, "The Angel Came Down Upon Him," Mr. Chapman spoke of the "guardian angels" which protected the men who fell in Flanders and their families.

A special lesson was read by Capt. O. F. L. Money, and prayers were offered for the men who lost their lives in the Great War and the bereaved families of fallen comrades. The church choir gave a stirring rendition of the "Marseilles."

Bugler P. Causey brought the service to a close with the sounding of the "Last Post" and "Reveille."

"Yesterday, I and my uncle both passed on to a better life."

## Ontario Ayrshire Sets World Mark

OTTAWA, Oct. 25 (CP).—Pinecrest Violet, five-year-old Ayrshire cow, owned by Frank P. O'Connor, Maryvale Farm, Scarborough Junction, Ont., is a world champion. She has just completed a 365-day test. The Canadian Ayrshire Breeders' Association made the announcement Saturday.

Referring to the 365-day test, the statement says:

"This cow has given a total of 24,285 pounds milk, 1,001 pounds butter-fat, average test 4.12 per cent milking three times a day, and therefore becomes the Ayrshire world's champion butter-fat and milk-producing five-year-old cow. Moreover, she also now ranks as fourth highest butter-fat producing Ayrshire cow of all ages."

## WHEAT PRICE IS UPSETTING PLANS

G. W. Allan, K.C., Says Farmers Are Feeling the Loss From Low Value of Grain

George W. Allan, K.C., of Winnipeg, chairman of the Canadian committee of the Hudson's Bay Company, and associated with a host of other business and financial companies as a director, is in the city for a rest, and expects to be here for about ten days.

The low price of wheat, he says, has left the business situation on the prairies hard to fully appreciate. While the crop has been a good one, various estimates, but around 400,000,000 bushels, the price has dropped away below what was fondly hoped for.

There had been estimates based on sixty cents a bushel for wheat, but when it dropped to a record low of below fifty cents, the situation has become very aggravated.

## RESULT OF LOW PRICE

On the estimated 400,000,000 crop, one cent a bushel means a loss of \$4,000,000 in the amount of money to be circulated. The drop from what had been expected around sixty cents to fifty cents or less means that ten cents a bushel or \$40,000,000 less money than anticipated is finding its way about the country, Mr. Allan states.

It is the farmer that suffers the loss. The carriage and the elevator charges remain constant, even if the price of grain drops. It is from the farmer's portion that the difference all has to be absorbed. The result is that the farmer is not going to have the amount of money to use this year that was anticipated.

The difference that would be made were the price only about eighty cents a bushel, Mr. Allan pointed out, would be very marked. It would mean that about \$120,000,000 more money would be in circulation in the West this year.

A Scotsman and an Englishman were traveling together in the back woods of America, and at one stage of the journey they took a trip in an old-fashioned coach.

The coach was rumbling along peacefully when suddenly the passengers were startled by cries from the driver. Looking out of the window, the Scotsman's face came in direct contact with the unsympathetic eye of a highwayman and the muzzle of a long revolver.

"Hands up!" exclaimed the robber.

In a second all the travelers had their hands well above their heads, with the exception of the Scotsman. "Alberty," he whispered, slipping some coins into his friend's pocket, "here's that money I borrowed yesterday!"

Striped Chipmunk Watches  
By THORNTON W. BURGESS

If you know what your neighbors do. The knowledge may be gain to you. —Striped Chipmunk.

Striped Chipmunk lives—well, just exactly where he lives in his secret and it wouldn't be fair to give that away. But this much we know, his home is somewhere under or close to the old stone wall on the edge of the Old Orchard. The old wall is his highway, his playground and his fortress. Striped Chipmunk loves that old stone wall. He loves to sit on the highest stone of it and look out at the Great World, or what he sees of it. He loves to sit there and sing while he watches what is going on around him, for Striped Chipmunk is merry of heart and just as loquacious. To be sure his song isn't musical. You might not call it a song. It is one, however, for it is an expression of the gladness that fills his small being.

Now while Striped Chipmunk is a firm believer in minding his own business he also believes in finding out all he possibly can about what is going on around him. Hunting for material for a lining. It wasn't until he was almost to the top that he saw what he hoped to see, a dainty little basket of a nest suspended in the fork made by two twigs way out near the tip of the branch. Striped Chipmunk chuckled, then scrambled down before either of the Red-eyes returned.

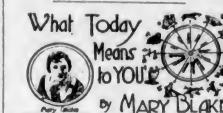

The next story: "Striped Chipmunk Hugs Himself."

It was in an apple tree, very near the old stone wall.

was finished, he climbed up in a young sapling, the top of which reached up to that branch of the apple tree. He isn't fond of climbing, but he had purpose. He chose a time when both Red-eyes were hunting for material for a lining. It wasn't until he was almost to the top that he saw what he hoped to see, a dainty little basket of a nest suspended in the fork made by two twigs way out near the tip of the branch. Striped Chipmunk chuckled, then scrambled down before either of the Red-eyes returned.

"SCORPIO"

If October 25 is your birthday, the best hours for you on this day are from 7 a.m. to 8 a.m., from 4:30 p.m. to 5:15 p.m., and from 11 p.m. to midnight. The danger hours are from 9 a.m. to 10:15 a.m. and from 1 p.m. to 2 p.m.

Influences operative on October 25 will tend to make this a day of romantic reverie. You may find your thoughts drifting into the distant past and stirring up romantic memories. Your thoughts may be centered more in the present, with thoughts of love and romance, and even marriage, focused specifically on one person. Love will rule, but, but clinging to reason and do not cast all caution to the winds.

The child born on this October 25 will be a "go-getter" from the very start. Extremely active of body and mind, strong willed, and with a keen sense of leadership, he will early begin to stir up romantic ideas. Take care, mothers and fathers, lest he become a little tyrant in your home! Guide him wisely, teach him to make his own decisions, and he will become to you a great source of joy and comfort.

Born on October 25, you have probably set yourself a high goal in life; most probably you will successfully attain it. The motivating force in your life is not a desire to acquire great wealth, but rather a desire to do something better than anyone else has yet done it. This great desire to outdo all others in whatever line of work you are in does not always lead you to be the fairest and most amiable competitor. You make friends readily; and you are not above using people to assure your own advancement. You are inclined to be selfish and select your friends for what you can get out of them, with rarely a thought of what good you could do for them.

You like to dress well and usually exercise good taste in selecting your clothing, though at times you are inclined to favor the flashy and conspicuous. Varied fields of activity are open to you, all of which you could fill with noteworthy success. Discover first that which most appeals to you; this done, your "will to do" will enable you to carry on and scale great heights.

You are a good parent and very fond of children, both your own and those of others. As a mother you are at times inclined to forget that the little one has a life and mind of his own. Don't force your thought too much on him lest you stifle such originality and creative powers as he may possess.

## Just Roamin' Around

The other morning we rose a bit earlier than usual and that in early enough. As is our wont we hied over to the office for our copy of The Daily Colonist to read at breakfast, and—let me start this in another way.

No one who is in their right senses dislikes little birds. There may be some horrid examples amongst the human species, who would tease a cat or dog, or tantalize a goldfish, but who gives a whoop about people of that type? But it's not every day that one runs across a young man, or young woman, for that matter, who gives a whoop about people of that type? ARE headaches, sleeplessness, dull eyes, a  
sallow skin destroying your vigour and  
charm? These distressing ills often caused by  
drinking tea and coffee which contain tannin  
and caffeine, threaten  
every woman. There  
are, of course, many  
people who can drink

ation without feeling the  
ill effects—without suffer-  
ing from sleeplessness or  
other distressing dis-

one, by any means.  
Here is one way to ban-  
ish nervousness, head-

Children like to have the same drink as the "grown-ups"

"Will you be home this week-end?" he asked. He was

friend would be available. This same Ontario man is  
a large user of long-distance telephone service in sell-
